

ARNÓR ELVARSSON– CURRICULUM VITAE

1 Personal information

Work Address	Institute of Construction and Infrastructure Management (IBI), ETH Zürich (ETHZ) Building HIL, Room G 31.1, Stefano-Franscini-Platz 5, CH 8093 Zurich Mobile: +41 76 320 39 36; E-mail: elvarsson@ibi.baug.ethz.ch
Private Address	Brandstrasse 21, CH-8952 Schlieren
Date of birth	April 24, 1993
Family status	Partner, children (2022, 2025)
Nationality	Icelandic
Webpage	www.arnorbragi.is
ORCID No.	https://orcid.org/0000-0001-5161-4465
Google Scholar id:	https://scholar.google.com/citations?hl=en&user=kK-7G8AAAAAJ

2 Education

2021-2026	Ph.D., Swiss Federal Institute of Technology, Zurich, Switzerland Thesis: "Towards more responsive transport infrastructure planning processes: mapping, analysis and scanning tools". Funded by National Research Foundation, Singapore
2016-2018	M.Sc. Spatial development and Infrastructure Systems, ETH Zürich Thesis: <i>The use of Real Option to account for future mobility uncertainty</i> , Awarded w/ Culmann Prize
2011-2014	B.Sc., Civil and Environmental Engineering University of Iceland, Reykjavík, Iceland

3 Employment history including current position(s)

2025-	School of Management, Bifröst University, Iceland <i>Adjunct Professor for Infrastructure Decision-making (50%)</i>
2021-	Institute for Construction and Infrastructure Management (IBI), Department of Civil, Environmental and Geomatic Engineering at the ETHZ, Zürich, Switzerland <i>Lecturer, Researcher, Research assistant</i>
2018-20	Infrastructure Management Consultants Ltd., Zürich, Switzerland <i>Project Engineer</i>
2016-18	Institute for Construction and Infrastructure Management, Department of Civil, Environmental and Geomatic Engineering at the ETHZ, Zürich, Switzerland <i>Student research assistant</i>
2014-15	EFLA Consulting Engineers, Reykjavík, Iceland, <i>Specialist / Consultant</i>

4 Institutional responsibilities (main on-going responsibilities)

Responsibilities
Driving forth state-of-the-art research on infrastructure planning and related decision-making under uncertainty
Reporting on best practice in the planning of infrastructure
Acquisition of new projects
Management of research projects and associated students

5 Funded research projects with direct involvement

Title	Funding Agency	Duration
Process Optimisation of Rail System Development for Automation of Cargo Operations	ETH: Mobility Initiative	2025-2028
Optimizing renovation processes, RENOMIZE	Horizon Europe, SERI	2025-28
Adaptive Mobility Infrastructure Land use	NRF, Singapore	2022-25

6 Supervision of junior researchers at graduate and postgraduate level

Arnor Elvarsson has supervised / co-supervised about 30 junior researchers at the Bachelor and Master levels. He will be directly involved with the supervision of 2 doctoral students at ETH starting in spring 2026. In addition to these projects he has been involved since 2023 in the supervision of REIS students for their interdisciplinary projects. REIS has between 25 and 50 students per year. He lead these in 2023.

7 Teaching activities (current)

Arnór Elvarsson teaches or assists the teaching of the following courses at the ETH: Systems Engineering (2021-2022), Interdisciplinary project activity (2023-) Infrastructure management: Optimisation tools (2025) and Infrastructure planning (2025-). He is developing a course on Models for infrastructure planning (2027-). At Bifröst, Arnór teaches Decision-making and modelling (2025-). He is developing a course on Portfolio development for projects (2027-).

8 Membership in panels, boards, etc, and individual scientific reviewing activities (main – on-going)

Arnór Elvarsson serves on the Editorial Board of Future Cities. He reviews for the journal of Infrastructure Asset Management, European Transport Research Review, Municipal Engineer, Transport Proceedings and many others as well as supporting scientific committees of conferences, including the Conference on Sustainable Built Environment. Arnór serves on the Transportation Research Board's standing committee on Transportation Planning Policy and Analysis.

9 Active memberships in scientific societies, fellowships in renowned academies

Arnór Elvarsson is a member of the International Association of Life-Cycle Civil Engineering (IALCCE), the American Society of Civil Engineers (ASCE) and the Icelandic Engineers Society (VFÍ).
